

# Canary Cyber Security Report

Here is a status report about your home network. Please review it and follow up with appropriate actions. Remember that over two third of personal network intrusions occur due to weak passwords on your routers and devices.

## Your router:

**MAC Address:** 14:D6:4D:24:40:DB

**IP Address:** 192.168.0.1

**Manufacturer:** D-Link International

**Major issues associated with manufacturer:** Please check out the [National Vulnerability Database](#) for a list of current issues related to D-Link International products.

**Number of open ports:** 3. Please seek ways to close more ports.

NUMBER	SERVICE	NOTES
80	http	TBD
4444	krb524	TBD
8099	unknown	TBD

## Your devices:

**MAC Address:** 2C:F0:EE:17:A8:4C

**IP Address:** 192.168.0.198

**Manufacturer:** Apple

**Major issues associated with manufacturer:** Please check out the [National Vulnerability Database](#) for a list of current issues related to Apple products.

**Number of open ports:** 4. Please seek ways to close more ports.

NUMBER	SERVICE	NOTES
88	kerberos-sec	TBD
445	microsoft-ds	TBD
548	afp	TBD
5900	vnc	TBD
